In search of consensus

## Welcome message

We are very pleased and honored to invite you the International Congress of Shoulder and Elbow Surgery (ICSES) 2019, which will be held in Buenos Aires, Argentina.

ICSES have been triennial meeting since 1980, sharing knowledge and experience of orthopaedic surgeons dedicated to shoulder and elbow surgery. ICSES will be organized for the first time in a Spanish speaking country and will be an excellent opportunity to share and learn the latest trends and knowledge with surgeons from all over the world.

Buenos Aires the birthplace of the tango is, like the dance itself, captivating, seductive and bustling with excited energy. Charming old neighborhoods are rife with romantic restaurants and thumping nightlife, and its European heritage is evident in its people, architecture, boulevards and parks.

We hope that you will enjoy the Congress and that your interaction with your colleagues from many different countries will stimulate a creative exchange of ideas and will be personally rewarding.

It takes two to tango!! Please, joint us in Buenos Aires and give us the honor of hosting you and your family in our city.
